

Michael D. Garcia, MD
Physical Medicine and Rehabilitation

By focusing on diagnosis, management and interventionally treating spinal disorders and musculoskeletal dysfunctions, Dr. Michael D. Garcia is able to provide long term back and neck pain relief to patients that may otherwise explore spine surgery. As a fellowship-trained* physiatrist at Spine Team Texas, Dr. Garcia specializes in administering nonsurgical care to his patients.

Dr. Garcia completed his fellowship in spine and sports medicine at the University of Colorado Health Sciences Center in Denver. While there, Dr. Garcia performed diagnostic EMGs, treated spinal disorders, and served as a team physician for Denver University and the University of Colorado.

A graduate from the University of Texas Southwestern Medical School in Dallas, Dr. Garcia completed his residency at the University of Colorado Health Sciences Center. Prior to that, he interned at Spartanburg Regional Medical Center in South Carolina. Dr. Garcia earned his undergraduate degree at Texas A&M University.

Dr. Garcia's professional affiliations include the American Academy of Physical Medicine and Rehabilitation, the Physiatric Association of Spine, Sports and Occupational Rehabilitation and the American Medical Association.

* A fellowship is the highest level of physician training available in the U.S.
