## Spine Team Texas Announces Opening of New Clinic in Allen, Texas

### Welcomes physical medicine and rehabilitation physician to practice

**Southlake, Texas—August 2015** | Spine Team Texas, a comprehensive spine center specializing in the treatment of back and neck pain, announces the opening of their sixth north Texas clinic later this month. This newest clinic, located on the campus of Texas Health Presbyterian Hospital Allen, will offer patients full-time, 5 days a week appointment availability.

“Our ongoing commitment to the citizens in north Texas has been to deliver convenient, award-winning spine care,” says Mark Hood, CEO of Spine Team Texas. “We continue to identify communities in need of spine care and plan accordingly to open clinics and welcome world-class physicians into our family of providers.”

The opening of the clinic in Allen, Texas, also ushers in a new doctor, David Garrigues, M.D., a physical medicine and rehabilitation physician will provide initial evaluations for neck and back pain patients, interventional spine procedures, diagnostics and spine pain management. Dr. Garrigues will join Spine Team Texas partner physician Leonard Kibuule, M.D., an orthopedic spine surgeon specially trained in minimally invasive spine surgery techniques, and Anthony Berg, M.D., a spine pain anesthesiologist, to staff the Allen clinic full-time.

“We are excited to add Dr. Garrigues to our team of outstanding providers,” Hood says. “His impressive training, education, and experience in nonsurgical spine care provide the perfect complement to Dr. Kibuule’s surgical skills.”

The office’s strategic location allows for easy access for those residing in Allen, Frisco, McKinney and Plano. The clinic will be open full-time with spine specialists offering the full spectrum of spine care—both nonsurgical and surgical. The newest Spine Team Texas clinic is located at: 1105 North Central Expressway, MOB 2--Suite 2370, Allen, Texas, 75013—on the campus of Texas Health Presbyterian Hospital Allen.

## Meet Dr. David Garrigues, Physical Medicine & Rehabilitation Physician

David Garrigues, M.D., joins Spine Team Texas after completing his medical degree at University of Texas Southwestern Medical School in Dallas; a residency at Northwestern Rehabilitation Institute of Chicago; a fellowship at Wake Forest, Carolina Pain Institute; and an internship at University of Texas Southwestern/Parkland Memorial Hospital, Dallas. He is fluent in English, French, Italian, and Spanish. Dr. Garrigues will provide nonsurgical spine care and diagnostics to Spine Team Texas patients at their clinic in Allen, Texas.

### About Spine Team Texas

Spine Team Texas is a comprehensive spine center specializing in the treatment of neck and back pain, ranging from simple back or neck strains to the most complex spine surgeries. Through in-depth knowledge and a team approach to care, Spine Team Texas physicians and medical staff are dedicated to treating patients conservatively through education, spine-focused physical therapy, non-surgical treatments, and minimally-invasive spine surgery as a last resort or when medically necessary.

The comprehensive team includes physiatrists, specialized in acute spine pain management; neurosurgeons and an orthopedic surgeon, specializing in minimally-invasive spine surgery techniques; spine-focused physical therapists; anesthesiologists, fellowship-trained in chronic spine pain management; and on-site registered nurses who help patients return to everyday activities. Established in December 2004, Spine Team Texas is headquartered in Southlake, Texas. The practice opened a full-service, sister-facility in March 2009 in Rockwall, Texas; one in Fort Worth, Texas (Alliance) in 2013; a fourth location in Bedford, Texas, in August 2014; and a fifth facility in February 2015 in North Dallas (Richardson). Their sixth clinic opens in August 2015 in Allen, Texas, on the campus of Texas Health Presbyterian Hospital Allen.
