Spine Team Texas Adds Anesthesiologist to Medical Staff

Southlake, Texas—August 17, 2016 | Spine Team Texas, a comprehensive spine center specializing in the treatment of back and neck pain, is proud to welcome Dr. Harish Badhey, a spine pain anesthesiologist, to its medical staff. Dr. Badhey will be serving as one of the full time physicians in the Fort Worth - Alliance facility.

“Spine Team Texas is committed to delivering the very best in spine care and seeking out the highest qualified medical professionals helps make that possible,” says Mark Hood, CEO of Spine Team Texas. “We’re excited to welcome Dr. Badhey to our comprehensive team of physicians and support staff.”

Meet Dr. Harish Badhey, Board-certified Spine Pain Anesthesiologist

Dr. Badhey, a board-certified anesthesiologist, brings experience in the latest techniques in Interventional Management of neck and back pain. Prior to joining the team, Dr. Badhey completed his residency in Anesthesiology at the Rush University Medical Center and his fellowship in Interventional Pain Medicine at Wake Forest School of Medicine- Carolinas Pain Institute in Winston Salem, North Carolina.

Dr. Badhey stays informed of the latest medical and procedural advances through active involvement in organizations including the American Society of Regional Anesthesia and Pain Medicine, American Society of Anesthesiologists, American Medical Association, and the North American Neuromodulation Society. In addition, Dr. Badhey has contributed to numerous important studies and has shared his expertise via presentations at annual meetings of the American Society of Regional Anesthesia and the Midwest Anesthesia Resident Conference.

About Spine Team Texas

Spine Team Texas specializes in the treatment of back and neck problems ranging from simple back or neck strains to the most complex spine surgeries. Through its in-depth knowledge and true team approach, Spine Team Texas is dedicated to treating patients conservatively through education, physical therapy, non-surgical treatments, and minimally invasive spine surgery when necessary. The philosophy of Spine Team Texas is to treat with an emphasis on non-surgical treatment whenever possible and consider surgical intervention only as a last resort when non-surgical measures have failed to provide long-term relief. This philosophy is supported in the fact that only

8-10% of Spine Team Texas new patients result in surgical intervention; that means that approximately 90% of our patients are treated successfully through non-surgical treatment options. The team consists of physical medicine and rehabilitation physicians, specializing in non-surgical spine care; spine surgeons trained in the latest minimally invasive spine surgery techniques; spine pain anesthesiologists focused on chronic spine pain; spine-focused physical therapists and on-site registered nurses.

Established in December 2004, Spine Team Texas is headquartered in Southlake, Texas, and opened a full-spectrum sister facility in Rockwall, Texas, in March 2009. Other locations include Bedford, Fort Worth-Alliance, North Dallas-Richardson, and Allen. With approximately 175 employees, Spine Team Texas has received numerous awards such as 'Best Places to Work' & "Healthcare Heroes-Physician Award by Dallas Business Journal, "Top Docs" in Fort Worth, Texas magazine, U.S. News & World Report "Top Docs" in neurosurgery, "Top Docs" in neurosurgery & physical medicine and rehabilitation by Castle-Connelly, D Magazine "Best Docs" in orthopedic surgery and physical medicine and rehabilitation, Becker's Spine Review "Top 105 Spine Surgery Practices to Know" & "Spine Leadership Award" in 2013 and 2015.
