FINANCIAL GUIDELINES FOR PATIENTS

(Initial)

STT is committed to providing you with the best possible care and we are pleased to discuss our professional fees with you at any time. We will assist you when we can, so that you receive all of the insurance benefits to which you are entitled.

To meet the needs of our patients, we participate in many insurance programs. Each insurance company has its own specific rule regarding the level of care and the amount of reimbursement. Insurance plans and benefits vary considerably, and we cannot guarantee what part of our service will or will not be covered by your particular insurance coverage.

We will gladly process your claim for you and when time permits we will also estimate your deductible, co-payment, co-insurance and charges for services rendered. Co-payment, co-insurance and deductibles are a contract responsibility between the patient and their employer and/or insurance carrier. These amounts are non-negotiable. That amount is due at the time of treatment and may be paid by cash, check or credit card. **Our estimates are subject to final approval by your insurance company and what actually takes place in the clinic visit and/or operative/procedure session; therefore, the amount due to our office could change.**

If you are scheduled for procedures or surgery, additional information will be available to you at the time of the scheduling. Please ask if you have any questions about our fees, financial policy or your responsibility.
